

Accounting, audit and controlling

Type:
**Undergraduate
(Bachelor)**

Field of study:
Finance and Accounting

Duration of study:
3 years (6 semesters)

Mode:
full-time | online

Language:
Polish | English

Obtained title:
bachelor's degree

Why are these studies worth choosing

Completing this specialization gives you the opportunity to learn about accounting services and to audit financial statements of domestic and foreign companies based on the International Accounting Standards and International Financial Reporting Standards.

the specialization is also to develop the ability to influence the effectiveness of enterprise management through planning economic events, their audit, control and management.

What can you do after graduation

Completing the specialization creates broad prospects for shaping your own career, both in the private and public sector, and also makes it easier to find a job in financial and accounting departments of enterprises and other institutions or organizations.

This program is for you if:

You are thinking of a professional career in the financial world

You have a "detective's streak" in you and you are an inquisitive person

You are interested in how financial mechanisms work

Study last 3 years (6 semesters), are worth 180 ECTS credits, end with a bachelor's degree.

The curriculum covers issues related to the understanding and practical use of knowledge in the field of finance and accounting in various spheres of economic activity.

FIRST YEAR OF STUDY

The first year of studies is dominated by courses which, regardless of the chosen field of study, will provide broad horizons of thinking and understanding of the concepts and basic issues in a given field of study. As a result, you will gain knowledge and skills that will help you find yourself in many different professions and prepare to undertake interdisciplinary projects, which is particularly important and valued on the labour market today. From the second semester, the courses introduce more and more detailed content specific to the selected field of study.

FIXED TUITION - FLEXIBLE PAYMENTS

By choosing to study at UEHS, you can be sure that the tuition fee will not change throughout the duration of your studies. You can pay the tuition fee once for the entire year of study or spread over a semester payment. This allows you to decide how you want to plan your expenses.

REDUCE THE COST OF YOUR STUDIES

As part of the UEHS discount programme, you can take advantage of various reductions and promotions. They are usually applied in the first year of study. It means that your tuition fees will be reduced by the amount of the discounts granted. Candidates who register and pay their tuition fees within one month of registration will receive an English language course for free. The course covers 80 hours of English classes and 20 hours of classes of Polish culture.
