

## Information Engineering In Public Space

Type:  
**Undergraduate  
(Bachelor)**

Field of study:  
**Political Science**

Duration of study:  
**3 years (6 semesters)**

Mode:  
**full-time | online**

Language:  
**Polish | English**

Obtained title:  
**bachelor's degree**

## Why is it worth choosing these studies?

It is a specialization that combines both the area of technical sciences and social sciences,

thanks to which students gain preparation to perform managerial tasks in the public sector.

# What you can do after study

Graduates of this specialization find employment in institutions dealing with the acquisition, processing and management of information, such as business intelligence agencies, intelligence agencies, security and crisis management centers. They are also employed in public services dealing with information processing, as well as in self-government and government administration units.

## This program is for you if:

**You are interested in the technical area of information processing,**

**You associate your future with work in public institutions or units of self-government and government administration**

# Curriculum and study structure

BACHELOR'S STUDIES

Study last 3 years (6 semesters), are worth 180 ECTS credits, and with a bachelor's degree.

The study program covers issues related to the understanding and practical use of knowledge in the field of political science in various spheres of social activity.

## FIRST YEAR OF STUDIES

The first year of studies is dominated by subjects which, regardless of the chosen field of study, provide broad horizons of thinking and an understanding of concepts and basic issues in a given field of study. As a result, you will gain knowledge and skills that will help you find yourself in many different professions in the future, and prepare to undertake interdisciplinary projects, which is particularly important and valued on the labor market today. From the second semester, the classes introduce more and more detailed content specific to the selected field of study.

VALIDATION METHODS AND INFORMATION VALUATION	3	C	30/24

## FIXED TUITION - FLEXIBLE PAYMENTS

By choosing to study at UEHS, you can be sure that the tuition fee will not change throughout the duration of your studies. You can pay the tuition fee once for the entire year of study or spread over a semester payment. This allows you to decide how you want to plan your expenses.

## REDUCE THE COST OF YOUR STUDIES

As part of the UEHS discount programme, you can take advantage of various reductions and promotions. They are usually applied in the first year of study. It means that your tuition fees will be reduced by the amount of the discounts granted. Candidates who register and pay their tuition fees within one month of registration will receive an English language course for free. The course covers 80 hours of English classes and 20 hours of classes of Polish culture.
